

The Leadership St. Pete® Class of 2023 is presently seeking donations from individuals and businesses for its class project to make significant capital improvements to the **Allendale Equity & Justice Center**, a nonprofit community hub that will provide collaborative spaces for nonprofits that are furthering efforts to support equity and justice in St. Petersburg.

Creating space for organizations that otherwise would not have the resources is important to helping them accomplish their mission. **Take Action Today** to support us in building the Allendale Equity & Justice Center. To donate or learn more, visit www.stpete.com/lspclassproject/.
